

Versatility for every purpose

With the 6000 FlexiBridge® Induction Hob you can customize your own cooking area, combining and controlling up to 4 segments. It's ideal for large or long pans, or for cooking lots of dishes together that need extra space.

Product Benefits & Features

Versatile cooking with FlexiBridge®

The FlexiBridge® feature allows you to customize your own cooking area, combining and controlling up to 4 segments in different ways. It's ideal for large or long pans, or when you need to cook many dishes at the same time.

Smoother, speedier heat shifts with PowerSlide®

From boiling to simmering to keeping warm: when you need repeated quick heat changes to create a dish, use PowerSlide®. Simply slide your pan from heat to heat, without stopping to adjust temperatures as you cook.

Hob2Hood®: The hands-free hood

The Hob2Hood® function connects the hob and the hood. The cooker hood automatically adjusts the fan speed based on the heat, without lifting a finger. For powerful extraction when searing. And quieter extraction when simmering.

Each cooking zone. Individually timed

Once a cooking zone is in use, its timer can be accessed quickly and conveniently via the touchscreen display. No toggling through menus or other zones. And because each dish can be precisely timed, absolute control over the cooking process is assured.

Quicker heat for extra speed with PowerBoost

No more waiting around for pots to boil. The PowerBoost function gives you an instant burst of heat, boiling water in under 90 seconds. It's perfect for tasks like boiling a large pot of water quickly.

- Hob2Hood®: Allows you to control the cooker hood via your hob.
- PowerBoost: Gives an instant increase in temperature allowing water to boil in less than 90 seconds.
- Bridging function: Combines 2 cooking zones allowing flexibility for any size pan.

- FlexiBridge®: Combines 2 zones into multiple segments to create the perfect zone for your cooking needs.
- Pause functionality allows you to take short breaks without losing your cooking settings.
- OptiFix™: Only one step to install the hob.
- EcoTimer™: Saves energy by using the residual heat from the hob, turning off the cooking zone before the end of your timer to boost efficiency.
- Child lock safety function.
- Minute Minder
- Individual Zone Timers: Set a separate timer for each cooking zone on your hob.

Product Specification

Series	6000
Main Colour	Black
Plug or Hardwired	Hardwired connection only
Dimensions (mm) (WxD)	910x520
Built-in Dimensions (mm) (HxWxD)	44x880x490
Cord Length (m)	N/A
LED Colour	Red
Left Front - Power/Diameter	2300/3200W/220mm
Rear Middle - Power/Diameter	1800/2800/3500/3700W/180/280mm
Right Front - Power/Diameter	2300/3200W/210mm
Left Rear - Power/Diameter	2300/3200W/220mm
Right Rear - Power/Diameter	2300/3200W/210mm
Control Type	Penguin
Gas Supply: Natural Gas	N/A
Gas Replacement	N/A
Product Number (PNC)	AEG Premier Line
Number of Cooking Zones	5
Hob Type	Induction Hob
Frame Type	Bevelled 2 Sides
Hob Safety	Automatic Switch Off
Total Electricity Loading (W)	7350
Net Weight (Kg)	17.3
Gross Weight (Kg)	19.9
Wok burner	No
