LTK38020W 8kg Freestanding Condenser Tumble Dryer with Sensor Programmes

Blomberg LTK38020W 8kg Freestanding Condenser Tumble Dryer with Sensor Programmes:

Designed to support your laundry routine, this 8kg capacity tumble dryer features a stylish LED display that shows the remaining time for each cycle. Its sensor programmes detect moisture levels in the drum, ensuring the drying cycle stops when your clothes reach your preferred level of dryness. Plus, the automatic anti-creasing function periodically rotates your laundry after the cycle, reducing wrinkles on days when you can't unload the machine immediately.
