

Wash and Dry in one go or just steam refresh.

The 7000 ProSteam® Washer Dryer is a 3-in-1 laundry machine that streamlines the laundry process for you with wash, dry, and steam programmes. Steam uses 96% less water*, and is gentler than washing, helping clothes look their best for longer.

* Internal test with a 1 kg load on the steam programme vs the delicates programme.

Product Benefits & Features

GARMENTS REFRESHED*, WRINKLES REDUCED WITH STEAM REFRESH

Steam Refresh neutralises odours* and reduces wrinkles on garments, including delicates, in just 25 minutes, all without washing. And if you would like an extra boost of freshness, just add our aromatic steam fragrance, for that just washed freshness.

Specialcare wash-to-dry. customised care even for wool and delicates

SpecialCare Wash-to-Dry adapts to each fabric type for gentle yet effective cleaning. This Woolmark Blue certified machine, washes and dries everyday items, delicates, and wool. It also restores the water protection of your outdoor garments.

* External test show neutralisation of cigarette smoke odour in a Steam Refresh cycle.

Preciseload— adapts energy and water usage to the load size

ProSense+ automatically adapts the cycle time, along with energy and water usage, in proportion to the size of the laundry load. So, you get customised laundry cycles that save energy and water when washing and drying smaller loads.

Quick20' Wash & dry 60' - When you're in a hurry

With Quick 20' Wash&Dry 60' you can wash and dry a 1kg mixed load in just one hour, all in one go. You can also choose the wash only cycle and get clean clothes in as quick as 20 minutes. Quick and convenient care when you're in a hurry.

The smooth care drum pattern is even gentler on your fabrics*

The Care drum lets garments glide smoothly thanks to its elevated cushion-like drum pattern and optimised lifter paddle. A thin film of water covers the holes during washing. Providing your fabrics with an even gentler laundry experience.

*Internal tests comparing the Care drum to the AEG ProTex drum.

- Washing capacity guide: Suitable for couples or flatmates.
- Condenser dryer: Moisture from the drying cycle is condensed and simply drains away.
- ProSteam®: Refresh clothes with a gentle steam cycle, using only 2L of water, ideal for garments that don't need a full wash.
- TimeSave: Cuts cycle time by up to half for a faster, flexible wash.
- Quick wash: A quick wash that allows you to wash 3kgs at 30°C in just 20 minutes.
- Delay start: Choose the time you want your washing cycle to start.
- Aqua control: An internal system which monitors the water level to detect leakage.
- ProSense®: Measures the size of the load and automatically adjusts washing time, energy and water consumption.
- Wash&Dry 60: Wash in 20 mins or wash & dry a 1kg mixed load in just one hour.
