Product Benefits & Features

Get the Kitchen Design Freedom to plan your kitchen your way

This combination of an induction hob with a powerful integrated extractor gives you the Kitchen Design Freedom you need. Now you have more space for your versatile kitchen layout ideas.

Modern, matt black beauty. Our most scratch-resistant surface

A modern design statement at the heart of your kitchen. The SaphirMatt® hob's matt black finish enhances its minimalist aesthetic. Made with our most scratch-resistant, fingerprint-resistant surface for lasting, effortless beauty.

After cooking, quietly clear the kitchen air with Breeze

After the cooking is done you want to be able to enjoy your meal and discreetly freshen the kitchen air. The Breeze function quietly clears the kitchen air, without disturbing the ambiance for you and your guest.

Easy to clean. Easy to remove. 2-in-1 Filter

The 2-in-1 Filter combines both a charcoal and grease filter that removes odours and grease. If the appliance is installed in recirculation mode, then a 2-in-1 filter is needed. The Filter is easy to remove and can be washed in the dishwasher.

Automated extraction.

Auto mode extraction for during cooking. If you turn the temperature up or down on the hob, the extractor's fan will adjust itself accordingly. Meaning all your focus goes into your food.

- ComboHob: 2-in-1 combination of hob and extractor fan.
- SaphirMatt® hob is up to four times more scratch-resistant.
- Residual heat indicators: Show when the hob surface is still hot after use.
- PowerBoost: Gives an instant increase in temperature allowing water to boil in less than 90 seconds.
- Child lock safety function.
- Auto safety switch off: The power automatically turns off if a cooking zone is left on for too long.
- The bridging function: Combines 2 cooking zones on both sides of the hob allowing flexibility for any size pan.
- Inverter motor
- Grease filter indicator.
- Charcoal filter indicator.
- Grease filter type and number: Combined Aluminium mesh, 2
- Minute minder
- EcoTimer™: Saves energy by using the residual heat from the hob, turning off the cooking zone before the end of your timer to boost efficiency.
- Automated extraction: Auto mode adjusts the extractor fan based on hob temperature changes, so you can focus entirely on cooking.
- Pause functionality allows you to take short breaks without losing your cooking settings.
- Metal grease filter: Traps grease, reducing odors, purifying air, and boosting performance. It's dishwasher safe and never needs replacing.
