

More space. More taste. At once

The 6000 Bridge Induction Hob can easily cope when you're cooking with bigger pans. The Bridge function links two cooking zones on two sides of the hob to fit any large or long pan. The bridged zone will share the same temperature and time.

Product Benefits & Features

DoubleBridge. Makes more of your hob

With DoubleBridge, you can combine two cooking zones on two different cooking areas. Perfect for accommodating cookware of various sizes, the feature also aligns temperature and time settings for maximum flexibility in the kitchen.

Modern, matt black beauty. Our most scratch-resistant surface

A modern design statement at the heart of your kitchen. The SaphirMatt® hob's matt black finish enhances its minimalist aesthetic. Made with a fingerprint-resistant surface that is up to 10X more scratch-resistant than a standard hob surface* for lasting, effortless beauty.

*Abrasion test conducted externally per IEC 60068-2-70. Scratch visibility assessed internally comparing against our standard ceramic glass hobs without special treatment.

Heat Memory for precise cooking

Heat Memory stays on top of your cooking. If you spill something or need to lift your pot, the user interface will remember the settings for 120 seconds, so you do not have to set the power level again.

Hob2Hood®: The hands-free hood

The Hob2Hood® function connects the hob and the hood. The cooker hood automatically adjusts the fan speed based on the heat, without lifting a finger. For powerful extraction when searing. And quieter extraction when simmering.

Quicker heat for extra speed with PowerBoost

A blast of fast. No more waiting around for pots to boil. The PowerBoost function gives you an instant burst of heat. PowerBoost is perfect for tasks that require you to boil a large pot of water quickly.

- SaphirMatt®: Our most scratch-resistant hob in elegant matt black.
- Hob2Hood®: Allows you to control the cooker hood via your hob.
- PowerBoost: Gives an instant increase in temperature allowing water to boil in less than 90 seconds.
- Bridging function: Combines 2 cooking zones allowing flexibility for any size pan.

- Pause functionality allows you to take short breaks without losing your cooking settings.
- OptiFix™: Only one step to install the hob.
- EcoTimer™: Saves energy by using the residual heat from the hob, turning off the cooking zone before the end of your timer to boost efficiency.
- Child lock safety function.
- Minute Minder
- Individual Zone Timers: Set a separate timer for each cooking zone on your hob.

Product Specification

Series	6000
Main Colour	Matt Black
Plug or Hardwired	Hardwired connection only
Dimensions (mm) (WxD)	800x520
Built-in Dimensions (mm) (HxWxD)	44x750x490
LED Colour	Red
Left Front - Power/Diameter	2300/3200W/210mm
Rear Middle - Power/Diameter	2300/3200W/210mm
Right Front - Power/Diameter	2300/3200W/210mm
Left Rear - Power/Diameter	2300/3200W/210mm
Right Rear - Power/Diameter	2300/3200W/210mm
Control Type	Penguin
Gas Supply: Natural Gas	N/A
Gas Replacement	N/A
Product Number (PNC)	Exclusive KR Partner
Number of Cooking Zones	5
Hob Type	Induction Hob
Frame Type	Statement Frame
Hob Safety	Automatic Switch Off
Total Electricity Loading (W)	7200
Net Weight (Kg)	13.23
Gross Weight (Kg)	14.02
Wok burner	No
