

ENJOY SUPERB COLD DESSERTS THANKS TO THE NEW ICE CREAM ACCESSORY FOR THE SMEG STAND MIXER

Ideal for creating **delicious ice creams, sorbets, granitas and frozen yoghurt** in just a few steps, the SMIC01 **ice cream accessory** is perfectly suited to the Smeg stand mixer bowl (stainless steel bowl only) and enables you to create **all the desserts you love best**, especially in summer.

For an ice cream with the **perfect degree of creaminess**, for example, simply place the ice cream accessory in the freezer for 18 hours, mix the ingredients separately according to the instructions in the recipe book and then let the mixer do its work. **In just 20-30 minutes**, you can enjoy a result worthy of the best artisan ice cream parlours, **with up to 1.1 litres** of delicious ice cream to satisfy family and friends.

This special accessory enables you to prepare delicious cold desserts using **simple natural ingredients** in the comfort of your own kitchen. In addition, the bowl with lid (SMIC02) can be purchased separately, so you can serve up another ice cream flavour or dessert to your guests.

The ice cream maker accessory comes with **all of the tools you need** for preparing tasty desserts: a mixing beater, magnetic adapter, adapter ring with slide, ice cream spatula and transparent cover.
