

**Food kept juicy, food kept hydrated**

6000 TwinTech® No Frost fridge-freezer protects flavours in every ingredient. It's dual cooling system ensures the freezer stays frost-free and the fridge humidity optimal preventing the food from drying out.

**Product Benefits & Features**

**TwinTech® No Frost - keeps food juicy and hydrated**

TwinTech® No Frost has an advanced dual cooling system for the fridge and freezer. This technology ensures the freezer stays frost-free and the fridge humidity optimal, preventing the food from drying out.

**New-era innovation. Unique fridge-freezer with recycled plastic\***

A new era of cooling is here. Introducing our fridge-freezer with an inner lining made of 70% recycled plastic. Plastic from discarded refrigerators is used to make new refrigerators, helping reduce waste through circularity.

\*Inner liner rHIPS made with up to 70% recycled plastic representing 13% of total fridge plastic\*

**Stable, even temperature and humidity, with MultiFlow**

MultiFlow protects food quality by maintaining stable, even temperature and humidity. Multiple air channels in the back wall actively circulate cold air to reach every corner and allow storage in the back without the risk of freezing items.

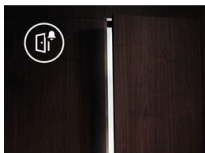

**ExtraChill drawer. For delicate ingredients**

An additional pull-out drawer designed for organizing and storing delicate foods such as cheeses and cold cuts. It maintains a lower temperature than the rest of the fridge due to active circulation of cold air.

**Audible Door Alarm**

The Door Alarm alerts you if your appliance door is left open for certain amount of time, so you can close it promptly.

- TwinTech® NoFrost: Dual cooling keeps humidity in the fridge to prevent food from drying out, while the freezer stays frost-free.
- ExtraChill drawer: A drawer that's cooler than the rest of the fridge—ideal for meat, fish, and cheese.
- Open Door Signal: Visible & audible.
- Flexi-Space: Removable glass shelves in freezer compartment.
- Fixed fittings: Attach a matching cupboard door directly onto the appliance door.
- Designed and manufactured in Europe by AEG.

#### Product Specification

Series	6000	Noise Rating (dB)	B
Energy Rating	D	Egg Trays	None
Freezer Defrost Type	Frost Free	Plug or Hardwired	UK Moulded Plug
Fridge Capacity (L)	182	High-Temp Indicator Type	Display;Sound With Switch Off Function
Freezer Capacity (L)	62	Holiday Function	No
Main Colour	White	Fridge Defrost Type	Auto
Dimensions (mm) (HxWxD)	1769x557x549	Fridge - Number of Shelves	3 Full Width
Fridge Light Type	Luna – 1 top	Fridge - Recommended Temp (°C)	4
Number of Thermostats	1	Freezer - Recommended Temp (°C)	-18
Built-in Dimensions (mm) (HxWxD)	1780x560x550	Net Weight (Kg)	68
Installation Type	Built in Door on Door	Gross Weight (Kg)	70
Door Hinge Position	Right & Reversible		
Cord Length (m)	2.4		
Voltage (V)	220-240		
Frequency (Hz)	50		
Freezer Light Type	None		
Freezer - Number Of Drawers	3 Full Width		
Hatch Doors	N/A		
Chiller Compartment	No		
Product Number (PNC)	All Open		
Minimum Ambient Temperature (°C)	10		
Annual Energy Consumption (kWh)	173		
Climate Class	SN-N-ST		
Noise (dB)	34		
Door Colour	White
