

Great results in half the time with combined heating

The 8000 MealAssist Combiquick® combi Oven combines heating functions and microwave for cooking in half the time without compromising results. And the CookSmart Touch display guides you from everyday meals to the most ambitious dishes.

Product Benefits & Features

Microwave and Oven. Dual functions for delicious dishes

Microwave and Oven merges hot air circulation with advanced microwave technology for grilling, roasting and baking up to 50% faster than a conventional oven.

CookSmart Touch. Smart cooking at your fingertips

The CookSmart Touch display with swipe navigation lets you receive cooking tips and select oven functions. And with energy-saving tips, you can cook more efficiently. Your favourite dishes and methods can be saved on the app and sent to the oven at the touch of a button.

Functions and Dishes. Automatic settings and step-by-step guidance

Assisted cooking Functions provide the best settings and automatic options such as Roast, Reheat and Dough Prove for outstanding results. And the Assisted Dishes function offers step-by-step guidance for meat, baking, cooking plant-based dishes, fish or vegetables.

Ensure precise cooking with the new Food Sensor

The new Food Sensor notifies you when your desired temperature is reached and allows you to precisely monitor the cooking process to achieve perfect results every time.

Matt Black Design – a premium, stylish finish

The Matt Black Design is a premium, sophisticated finish composed of contrasting matt and glossy glass surfaces with a dark tint and polished edges. Sleek and aesthetic, it also resists fingerprints.

- Connectivity: Control your oven via your smartphone or tablet.
- Our award winning 4-inch display screen with intuitive touch control for easy use.
- Food probe
- SoftMotion™ for a smooth, silent action when closing the door.
- Electronic touch controls.
- Cooling fan
- Residual heat cooking uses the leftover heat in the oven to finish the cooking process, helping to reduce energy consumption.
- Microwave function
- Fan controlled defrosting
- LED digital display
- Isofront® Plus Triple Glazed Door
- Child lock
- Turbo grilling
- Inverter microwave technology cooks food evenly, preventing hot spots by spreading heat consistently.

Product Specification

Main Colour	Matt Black	Oven Energy Source	Electrical
Built-in Dimensions (mm) (HxWxD)	450x560x550	Product Type	Built-in Electric Oven
Functions (Main Oven)	Bottom heat, Conventional cooking + Microwave, Defrost, Dehydrating, Dough proving, Grill, Grill + Microwave, Hot air, Hot air & Bottom, Hot air & Top, Top & Bottom, Keep warm, Melting, Microwave, Plate warming, Preserving, Reheating, Roast, Slow Cooking, Stew, Top, Top & Bottom heat, True fan cooking + Microwave, Turbo grilling + Microwave	Noise (dB)	52
		Gross Weight (Kg)	36
Connectivity	Yes	Net Weight (Kg)	34.3
		Main Oven - Trays Included	1 Cake tray grey enamel, 1 Dripping pan grey enamel, 1 Trivet chromed
Total Electricity Loading (W)	3000	Main Oven - Shelves Included	1 Wire shelf chromed
Steam Category	No	Main Oven - Shelf Support	Side grids Easy entry
Timer Type	SUPEX4	Cord Length (m)	1.5
Main Oven - Internal Capacity (L)	44	Plug or Hardwired	Hardwired connection only
Cleaning	Clean enamel	Door surface temp. max., K (acc. to EN30 or 60335-1)	20
Dimensions (mm) (HxWxD)	455x595x567	Cavity Coating	Grey Enamel
Oven control knob type	Touch	N° of cavities	1
Max Power Grill - Top Oven (W)	1900	PNC	944 005 193
Temperature Range	30°C - 230°C	Bar Code	7333394105703
Largest Surface area	1424	Voltage (V)	220-240
Interior Light	1, Top halogen	Required Fuse (A)	16
Lamp power (W)	25
