

Exceptional drying care. Saving time and energy

The 9000X AbsoluteCare® Pro Dryer provides the best drying care for your clothes while saving time and energy. Using 3DScan Technology, sensors detect humidity in garments for precise and complete drying. And with SmartDry, you can choose to save up to 50 minutes or 20% of energy with each load.*

*Based on internal testing comparing AEG HPTD Energy Class A+++ 9kg with 147 kWh Annual consumption, Time Save mode & Energy Save mode vs. AEG HPTD Energy Class A+++ 8kg with 155 kWh Annual consumption, on MixDry cycle.

Product Benefits & Features

SmartDry. Save up to 50 min or up to 20% of energy with each load*

SmartDry provides cutting-edge technology designed for efficiency. Simply activate either Time or Energy Save before running a load and save up to 50 min or up to 20% of energy, respectively. Experience fast, efficient drying without compromising results.

*Based on internal testing comparing AEG HPTD Energy Class A+++ 9kg with 147 kWh Annual consumption, Time Save mode & Energy Save mode vs. AEG HPTD Energy Class A+++ 8kg with 155 kWh Annual consumption, on MixDry cycle.

3DSCAN TECHNOLOGY. DUVETS AND DOWN JACKETS KEPT LIKE NEW. PERFORMANCE 100% RESTORED*

3DScan Technology provides the highest drying precision and care. It scans deep to read humidity levels inside items. Confidently know all your items, even down jackets and duvets, are evenly dried and will remain fluffy and warm.

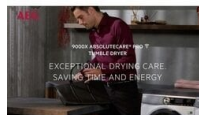

*Based on external test of thermal resistance for items dried with 3DScan Technology, performed according to ISO 11092.

ABSOLUTE CARE®. NO SHRINKAGE GUARANTEED*

AbsoluteCare® uses heat pump technology, along with precise drum movements and temperatures to safely dry your clothing, even your delicate items. Ensuring wool won't shrink and silk doesn't lose shape. It restores water protection for outdoor clothes and is Woolmark certified.

*Comparable with flat drying.

The next level of appliance interaction with AEG connected.

Use the AEG app to personalise settings and get smart tips and suggestions. Customise laundry cycles and send instructions to your appliance to adapt it to your needs and habits. Smart and easy care via your smart phone.

Quick drying in 75 minutes* without garment sorting

No need to pre-sort fabric types. The MixDry+ cycle dries up to 5 kg of mixed cottons and synthetics in 75 minutes* using the Time Save mode on the control panel.

*Based on internal testing on AEG heat pump tumble dryers on Energy Class A+++ 9kg with 147 kWh annual consumption on MixDry cycle in Time Save mode on a 5kg mixed synthetic and cotton load with an initial moisture content of 30%. Time may vary depending on load quantity and fabric type.

- Heat pump: Working like a refrigerator in reverse, it delivers outstanding energy efficiency—providing all the benefits of tumble drying at a much lower cost.
- Internal light: For optimal visibility in the drum.
- Anti crease: Reduce ironing time with even, multidirectional drum rotation, ensuring even drying and fewer wrinkles.
- AbsoluteCare® Plus: Ensures precise, gentle drying with 3DScan Technology, evenly drying layered items and duvets by detecting moisture inside and out.
- SensiDry®: Dries clothes evenly at lower temperatures with precise sensors, without extra time.
- PreciseDry: Advanced humidity sensors adjust drying time and energy use based on load size.
- Connectivity: Control your dryer via your smartphone or tablet.
- Hygiene program: Removes bacteria and viruses during drying.

Product Specification

Drying Capacity (kg)	9	Net Weight (Kg)	52.5
Dryer Type	Heat Pump	Gross Weight (Kg)	55
Program List	Bedlinen XI Ita, Cottons, Delicates, Down Jacket, Eco, Hygiene, item fast, Mixdry, OutDoor, Quick 3Kg, Synthetics, Wool	Total Electricity Loading (W)	600
		Plug or Hardwired	UK Moulded Plug
Dimensions (mm) (HxWxD)	850x596x657(max)	Condensation Efficiency Rating	A
		Included Accessories	Direct drain hose
Push Button Functions	-, +, +Anti Crease, Dryness, Energy Save, Finish In, ON/OFF, Remote Start, SILENT, Start/ Pause, SyncDry, Time Dry, TIME SAVE	Annual Energy Consumption (kWh)	147
		Noise (dB)	60
Interior Light	Yes	Main Colour	White
Cord Length (m)	1.45		
Drum Volume (L)	118		
Drum Material	Stainless Steel		
Depth Max (mm)	657		
Voltage (V)	230-240		
Required Fuse (A)	13		
Frequency (Hz)	50		
Door Hinge Position	Right reversible by user		
Motor Type	Inverter		
Optional Accessories	Stacking kit		
Product Number (PNC)	All Open		
Woolmark	Woolmark Green		
Wheels/Feet	4 adjustable feet
